

# Assisted Living at The Oaks

## Where you always *feel at home.*

---

Assisted Living at The Oaks is the perfect place for you or your loved one who needs assistance with daily life. Our team ensures that residents are safe, secure and receive countless hours of quality attention. Assisted Living at The Oaks offers quality living and loving care, combined with the comfort of family and friends, the security of home and dependable help with life's medical needs.

# Assisted Living *at The Oaks*

*Made possible and in honor of Ms. Eula P White.*

Coryell Health Assisted Living at The Oaks offers a secure, caring environment for individuals who cannot fully take care of themselves due to infirmity, illness, disability or injury. The team at Coryell Health offers a combination of housing, personal care services, life-enriching activities and health care designed to respond to individuals who need assistance with normal daily activities in a way that promotes maximum independence.

# Coryell Health's Continuum of Care

The Oaks is part of a continuum of long-term care services provided by Coryell Health on its Gatesville campus. With patient care available under the same roof and on the same campus as our hospital and clinics, individuals who require additional care are never more than steps away from medical attention.

Families take comfort knowing their loved one will always have scheduled transportation for medical appointments and even going into the community for shopping trips, meals, fishing and more!

Whatever the need, our highly-trained staff can respond quickly. Care is personalized, and Coryell Health staff will carry out medical attention according to each individual's physician's instructions.

*Our compassionate and attentive staff have a dramatic impact on our residents' experiences.*

## **Serving** *every patient need.*

From assistance with personal grooming and bathing to meals and medication administration, we provide around-the-clock assisted living care services for seniors from a dedicated team concerned with our residents' overall well-being.
