We are pledged to the letter and spirit of U.S. policy for the achievement of equal housing opportunity throughout the Nation. We encourage and support an affirmative advertising and marketing program in which there are no barriers to obtaining housing because of race, color, religion, sex, handicap, familial status, or national origin.

Our integrated campus connects Coryell Health Independent Living to the hospital building. Due to its proximity, each apartment is equipped with an emergency call button that communicates directly to the nurse's station of the hospital, allowing for a quick response from medical professionals.
